A Century of Giving

On 8th May 2020, just four short years from now, we will celebrate the centenary of the birth of Touko Valio Laaksonen, known to us as Tom of Finland. Tom is one of the most internationally recognized erotic artists of the 20th century. His work, once censored, is now collected by leading art museums and regularly exhibited in galleries and museums around the world.

Many people are surprised to learn that from 1981-1991 Tom split his time between a house – TOM House – in Los Angeles and his home in Finland’s capital, Helsinki. In 1984, Tom and his cofounder, muse and partner Durk Dehner created Tom of Finland Foundation based in a historic craftsman style house in Echo Park. The Foundation has grown into one of the world’s most important centers for the collection, study and exhibition of homoerotic art, and an international safe haven for erotic art and anti-censorship advocacy.

Visitors find that our nonprofit Foundation is much more than a historic house with a sexy art collection. It’s an international member-based community of Queer-minded artists, scholars, collectors and enthusiasts who seek connections to the past with an eye toward the future. We live in a period of tremendous change for the LGBTQ community driven by technology and shifting views on sexual and gender identity. The Foundation seeks to engage, arouse and entertain its membership through a wide variety of exhibits, social events, publications, residencies and collaborations.

We have big plans for the future. This is your opportunity to continue your support of this unique community. By renewing or upgrading to another membership level (contributions are tax-deductible to the extend allowed by law) you will help us preserve Tom of Finland’s 100-year legacy, as well as chart a 21st century course for our homoerotic future.

Homo Riot Permanent Installation

In collaboration with Homo Riot, Tom of Finland Foundation is thrilled to premier the largest work of art it has ever commissioned. Homo Riot’s impetus for his current body of work was the passage of Prop 8 in California in 2008. Initially a “fuck you” to the general public for not supporting our rights, his work quickly became a message of positivity and support to the LGBTQ community adding to the conversation and expanding the idea of what it means to be Gay.

Special Thanks

The Foundation thanks Rubén Esparza & Red Studios, Steven Reigns, Homo Riot, Rick Castro, Please Do Not Enter, Rod Reynolds, Ken Goodpaster, Daffy London, Joakim Andreasson, Miguel Angel Reyes, Jeremy Lucido, Jamison Karon, Alton Dunaney and Louis Jansky for their generosity in committing both time and talent, making this Festival a greater success.
Kake is one of TOM’s most featured characters and the epitome of the Tom of Finland man. The raven haired, mustachioed and hypermasculine Kake is a reoccurring hero, touring the world on his motorcycle to spread and bed as many men as he can - and share his beautiful cock with the world.

The Tom of Finland Pleasure Tools team selected Kake’s quintessential cock from the pages of Tom of Finland: XXL, edited by Dian Hanson. Hand sculpted in clay by a local artisan, Kake’s iconic cock has been turned into an interactive piece of art.
